Mod: Ammopack - Counterstrike - Mod: AMXX - Mod: DMIV - Mod: WTF - Mod: System Information - Mod: Music Player DJ - Mod: Shuffle - Mod: Pause - Mod: Favorite Picture you should reread the whole topic besides that, the mod you mentioned doesnt exist Guess all i'm saying is don't ask for anyone to fix your problems for you Mr. Remington 11-09-09, 12:04 PM You're not the only person who has this problem. Nobody has given you an explanation why it works for you and not for everyone. You just said, "I'm guessing it is because I do not have this mod for my mod manager. I thought that I would have to download both mods to get this working. They both work separately." You have the mod. It does not work. Then you say that you have Ammopack and you don't. Then you tell us that you have AMXX. You didn't say you have the mod but you said you have AMXX. This makes it impossible for
